# Serpent 2.1.0 – Software License Agreement

Licenser: VTT Technical Research Centre of Finland (VTT)

Licensee:

By signing this Software License Agreement the Licensee accepts the terms and conditions of license that allow the Licensee to use the Serpent Monte Carlo reactor physics burn up calculation code version 2.1.0 and its updates in source code and binary executable form, as supplied by the Licenser in accordance with the provisions of this agreement.

Conditions of license:

1. Title and copyright in and to the software remain with VTT.
2. The software may be used free of charge within the Licensee organisation for internal non-commercial research and educational purposes. Any and all commercial use of the software is prohibited.
3. Any illegal use, particularly promoting the development of weapons of mass destruction is strictly prohibited. The Licensee shall acknowledge that such usage may violate international treaties and lead to extremely serious consequences, including criminal prosecution.
4. The software may not be used outside the Licensee organization or distributed in any form to a third party.
5. The Licensee accepts the software "as is", without any maintenance or other services provided by VTT. The Licenser makes no warranty in respect of the applicability of the software for any purpose. In no case shall VTT be liable for any damages caused by use or inability to use the software.
6. The Licensee is allowed to make only minor modification in the source code. All changes shall be reported to developer team.
7. The Licensee shall reference the software appropriately according to good general practice in all related publications.
8. This agreement governs software version 2.1.0 and its updates. The license shall terminate automatically in case the Licensee breaches any term or condition of this agreement. In addition, VTT shall be entitled to, at any time, to terminate this agreement immediately by notice to the Licensee.
9. All users of the software within the Licensee organization are bound by the terms of this agreement. The Licensee shall make sure that its employees, students, trainees and other users under its authority and supervision have read and accept the terms and conditions in this agreement.

All contact information, instructions and documentation related to the software can be found at the Serpent website: http://montecarlo.vtt.fi.

Date and place: Nov 20, 2020. MIT, Cambridge, Ma. USA.

Name and position: Gyube Park, Graduate Student
